

FAIJUR RAHMAN FAHIM

Front End Developer

About me

I am a highly motivated and detail-oriented individual with a passion for web development. I am eager to apply my skills and knowledge to a web developer job where I can contribute to the success of a dynamic team and continue to learn and grow as a developer. I believe that as a fresher a job would be a valuable opportunity for me to gain hands-on experience and make a meaningful contribution to the team. Thank you for considering my application.

Projects

■ Art Gallery - [Git Link](#) / [Live Site](#)

Developed an art gallery using React. It has responsive web design and email authentication so that user can write their thoughts in comment about art. It's UI is very simple and accessible for everyone.

Major Challenges

- Properly functioning edit and delete buttons in comment section.
- Configuring functionality for comment creation, updates, and deletions.

■ Quiz App - [Git Link](#) / [Live Site](#)

Developed a dynamic quiz app featuring History, Mythology and Football topics with separate leaderboards tracking scores for each topic. A user-friendly and engaging platform for enhancing knowledge and competition by using React.

Major Challenges

- Setting multiple topics, separate leaderboards and timer for each question.
- Setting multiple answers for some questions to earn full marks.
- Setting a feature where user can compare his answers to correct answers.
